

Environmental Policy

March 25, 2019

DM KOKOKUSHA Co., Ltd.

President and CEO

Kohei Fujimoto

【Basic principle】

DM KOKOKUSHA is a company that responds to customer needs, provides human and physical management resources, and develops business agency services. We will reduce the environmental load as much as possible, continuously improve our activities and work on environmental conservation.

【Basic policy】

1. We will promote the following with the aim of harmonizing corporate activities with the global environment.
 - Efficient business execution without waste
 - Reliable business execution that does not cause rework
 - Highly effective proposal
2. We will establish an environmental management system, maintain and execute it without fail, and review it regularly.
3. We will comply with environmental laws and regulations, agreements, etc., and strive to protect the environment.
4. Those who work at our company, everyone who works for us are aware of our environmental thinking and regularly reviews the environmental aspects of our business activities to the extent technically and economically feasible.
